Solid Combustible Minerals

BUCHYNSKA Iryna. Assessment of the prospects of methane production from the coal-bearing series of the Tyagliv deposit of the Lviv-Volyn basin according to geological criteria..... 5

IVANOVA Ariadna, ZAITSEVA Lyudmyla, GAVRYLTSEV Viktor. Bituminous coal of the Dnieper brown coal basin..... 19

Tectonics

HNYLKO Oleh. Accretionary paleoprism between the Alcapa and Tisza-Dacia terranes (Pieniny Klippen Belt and Monastirets Nappe, Ukrainian Carpathians)..... 31

Lithology

ZHABINA Natalia, ANIKEYEVA Olena. Depression sediments of the Upper Jurassic – Lower Cretaceous carbonate complex in Ukrainian Precarpathians..... 46

Geochemistry

YAKOVENKO Myroslava, KHOKHA Yurii, LYUBCHAK Oleksandr. Influence of the pore structure of fossil organic matter on methanogenesis in free-chain radical reactions..... 62

YAREMCHUK Yaroslava, HRYNIV Sofiya, HORODECHNA Nadiia, BILYK Liudmyla. Influence of the chemical composition of marine and continental waters on the formation of clay minerals of evaporitic formations (on the example of the Carpathian Foredeep and the Salt Range Formation (Pakistan)): a review..... 76

HOLOVCHENKO Dina. On the question of the influence of migrating fluids on the formation conditions of vein minerals of the Ukrainian Carpathians..... 98
